

NGO Coalition

Peace Day is an annual opportunity for NGOs to draw attention to their ongoing peace-building and life-saving activities within a global context.

Peace Day will be a chance for NGOs to unite on a scale never seen before. The support of organisations working towards peace and sustainability, as well as those that need peace to carry out their work, will contribute to a global decrease in violent incidents on the day, adding to an overall goal of long-term sustainable peace.

See below the members of the NGO Coalition so far. If you are interested in becoming part of this growing coalition, click [here](#).
